## Frankfort Busy Making Plans For Fall Festival

Frankfort lacks about 38 years of matching the 150 that have elapsed since Illinois was given statehood but with its 19th century atmosphere the village's fall festival planned for the Labor Day weekend is expected to be a picturesque affair.

Costumes in keeping with the 1890 theme adopted by Frankfort more than a year ago, or German dress, will be the order of dress for the festival days, Aug. 30 and 31. Anyone not in costume on those days will be penalized.

In conjunction with the program the Frankfort Lions will hold their annual "Wiener and Sauerkraut Day" the afternoon of Aug. 30, in the Veterans Memorial Building.

The coordinating committee, of which W. Leonard Patterson is chairman, has a full program planned. There will be a combined church service the morning of Aug. 31, and there will be dancing, a parade, an outdoor art fair, a rocket show, a display of antiques, steam engines and other sights and activities.

One of the showpieces that goes back beyond the turn of the century is a popcorn and peanut wagon that began its workaday existence some 75 years ago. It was purchased by Merrill Cooper, of Orland Park, at Kokomo, Ind., from the widow of the original owner. Getting the wagon from Kokomo to Orland Park was a problem. Getting it as near as Frankfort would help and Leonard Patterson volunteered to do the job if Frankfort had the use of the wagon for its festival.

Patterson loaded the popcorn wagon on his truck and made a successful delivery. The heat that pops the corn and roasts the peanuts is provided thru gasoline burners; the drums that hold the corn and the peanuts are turned by steam and a small steam engine that does the work is visible thru one of the several panels of beveled plate glass that form the walls.

Originally the wagon was horse drawn but the original wheels with the heavy wooden spokes and solid rubber tires have been replaced with automobile wheels and the originals were lost.

The Rocket club of Lincoln-Way High School will give two demonstrations, one Saturday and one Sunday afternoon (Aug. 30-31). They plan to fire 30 rockets that will reach altitudes of approximately 2,500 feet.

There will be races and other contests at the park for youngsters that will be supervised by members of the Connecticut Hills Homeowners Association.

Kansas St. is to be closed to traffic for the two days of the festival and given over to the art show. The artists will exhibit their work along the curbs and sidewalks between the Village Hall and possibly Ash St. The committee, headed by Albert Behnke, would be happy to have enough exhibits that the show could be extended to White St.

There will be a combined church service in the Frankfort School gymnasium at 10 a.m. Aug. 31 arranged thru the Rev. LaVern Smith, of St. Peter's Church, the Rev. Charles Kepler, of the

Frankfort Methodist, and Fr. Cecil Koop, O.F.M., pastor of St. Anthony Church, Lincoln Estates. There will be special music and the speaker will be Larry Glass, varsity basketball coach at Northwestern University.

The parade is to start at 1 o'clock Sunday afternoon from Mobil Chemical Co. and the Standard Compound parking lots on Center. It will move north to Nebraska St. and then west to Community Park.

Several floats are to be entered, including one to carry the village officials. Following the parade the Frankfort Woman's Club will serve a smorgasbord in the Veterans Building from 3 to 6 o'clock. Bruce Wells and William Knipple are in charge of the parade.

The Frankfort Chamber of Commerce is hiring a German Band to serenade townspeople and visitors and modern band, "The Other Side," has been booked to provide music for the teen dance to be held on the tennis courts at the park.

There also will be a dance Saturday night at the Veterans Building. This affair is sponsored by the Chamber of Commerce and the number of tickets is limited, it was announced.

There will be snack stands and soft drink stands scattered about to guard against hunger or thirst, the committee said.

Police Chief Ted Massey reports that most of the display booths have been sold and it is from these proceeds that the orchestra for the teen dance will be paid.

## L-W High Announces Its 1968-69 Coaching Staff

Lincoln-Way High School will have a new basketball coach this year and several other teachers have been hired, thus providing for other revisions of the coaching set up for the school's athletic programs.

Tom Lewis, of Rockford, will replace Al Willis as varsity basketball coach. Willis resigned to accept a position of the faculty of Murray State College, Murry, Ky., his alma mater.

Lewis is a graduate of Lake Forest College. He has had six years coaching experience, including the past three years at Grant High School, Fox Lake. Lewis also will assist William Vogel, varsity football coach.

Two new basketball coaches have been added to the staff, Brad Bounds, a member of Coach Rupp's national championship team at Kentucky University, and Bruce Brackman, from Murray State College. Bounds has had a year of coaching experience: Brackman was a June graduate. Bounds will teach English and Brackman will teach mathematics.

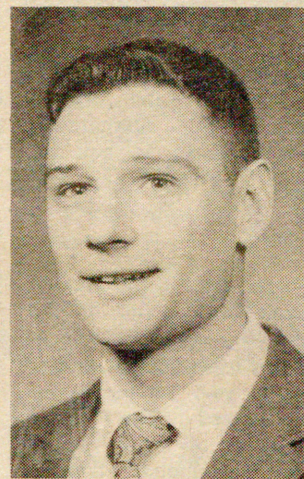

Russell Benjamin, from Monticello, Ill., an art teacher from Eastern Illinois University, has been assigned to the football and wrestling coaching staffs. He received nine varsity letters while attending Eastern Illinois. Benjamin will devote half of his teaching time to art classes at Lincoln-Way, and half in this field in the Mokena grade school system.

Don Rivers, of Sioux City, Ia., a graduate of Drake University and the University of Iowa, will assist Coach Joseph Rodriguez with both the cross country and track squads. Rivers was captain of the track team at Drake and holds many outstanding records in the distance events.

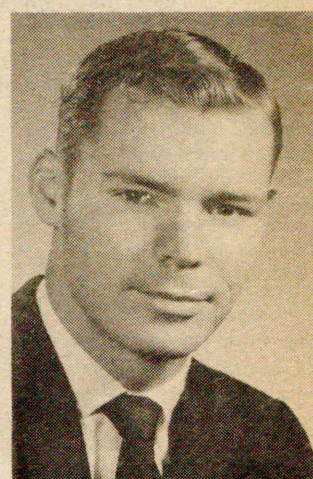

He recently received his master's degree in history and will teach in this area at Lincoln-Way. Rivers replaces Coach Coates who resigned to accept a position in his home town, Princeton, Ill.

Gerald Johnson, formerly of Joliet and a graduate of Colorado College, will assist in football and wrestling. He coached two years at Dakota (Ill.) High School. He replaces Richard Hutter on the teaching staff, in the science department. Hutter resigned to become head of the science department in the new Bremen Township Hillcrest High School. In coaching Johnson replaces David Downs on the wrestling staff.

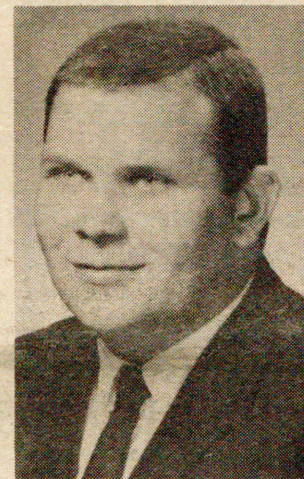

Paul Coats, of Springfield, Ill., with two degrees from Illinois State University at Normal. He is a for-

mer captain of the ISU baseball team and has had considerable experience in the sport in the semi-pro field. He will be assistant baseball coach at Lincoln-Way and on the teaching staff succeeds Downs in the guidance department. Downs resigned to accept a position with a junior college.

The complete coaching staff, under the direction of Athletic Director Ronald Stopka, is made up as follows:

William Vogel, head varsity football coach.

Frank Dutton, assistant football coach, assistant track coach.

William Marco, head wrestling coach, sophomore football coach.

Jerry McGuire, assistant football coach, assistant basketball coach.

Michael Mirkovich, assistant football coach.

Joseph Rodriguez, head track coach, head cross

country coach. Brad Bounds, assistant basketball coach, assistant baseball coach.

James High, assistant basketball coach.

Jerry Wiedman, varsity gymnastics coach.

Ronald Vavrinek, assistant gymnastics coach.

Robert LeZotte, head baseball coach, assistant football coach.

Roger Marth, assistant basketball coach.

# Motoring In Mexico Can Be Tricky Stuff

HemisFair will be the gateway to the Olympics for many people this fall. Others already are planning independent travel through Mexico, bypassing San Antonio's HemisFair.

The Chicago Motor Club-AAA cautions all U.S. drivers to be certain they have adequate Mexican insurance on their automobiles before venturing south of the border.

The laws of Mexico are based on the Napoleonic Code and differ greatly from our familiar U.S. regulations. Most important, without Mexican liability insurance, a person involved in an auto accident is subject to jail and having his car impounded.

You are responsible in Mexico for a personal injury, whether or not it is your fault, under both civil and criminal law. You are considered guilty until proven innocent. However, proper coverage from a Mexican company in such a case nor-

mally will be accepted as proof of your ability to pay for damages and you will be released shortly after your company's adjuster is contacted.

If you are planning to motor in Mexico, the Chicago Motor Club suggests you keep in mind these points:

--Carry proof of ownership of the car you are driving. If it is not your car (perhaps a rented vehicle or a company car), you must have written authority indicating approval for such use in Mexico.

--Have a valid driver's license. An international driving license is not required in Mexico; any valid U.S. license is acceptable in Mexico.

--Obtain a tourist card from an office of the Mexico Bureau of Tourism or the Mexican consul.

--Give serious consideration to your automobile insurance needs. The territorial scope of most United States automobile policies

does not extend coverage throughout the Republic of Mexico. Mexico recognizes only insurance issued by Mexican insurance companies.

Policies with all the coverages of your U.S. insurance policy can be obtained from brokers in your home town or from an auto insurance agent in any border state. Some agencies specialize in Mexican auto insurance and maintain offices at border towns.

Most Mexican auto insurance is sold to tourists on a daily basis for the number of days a tourist expects to be in Mexico. Refunds are available for unused days.

Another important item to consider before traveling into Mexico is proof of your U.S. citizenship (such as birth certificate, voter registration or passport).

## 2 Killed, 2 Hurt

Two passengers in a car driven by a Frankfort Youth, recently returned from Viet Nam, were killed, and two persons hospitalized as a result of a two-car crash Monday night about 7 o'clock at the intersection of Caton Farm Rd. and Illinois 59.

William Weichbrodt, 20, of 142 Ash St., Frankfort, who was recently released from the service, was one of those injured. The other was Mrs. Donna Billings, 19, of 1108 Pearson, Joliet. Both were admitted to St. Joseph Hospital, Joliet.

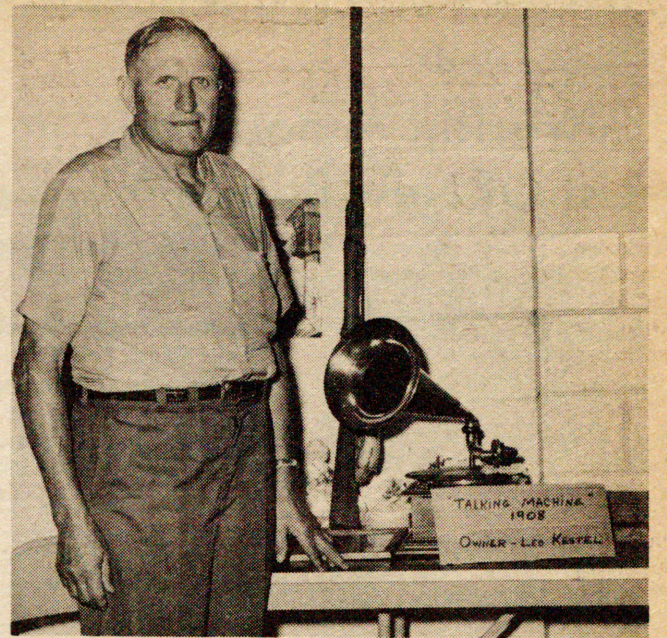

Pronounced dead at the hospital were the two riding with Weichbrodt, Michael Mahan, 19, of 311 N. Ottawa St., Joliet, and Becky Smith, 17, of 2411 Essington Rd., on the far west side of Joliet. Their deaths have brought the total of auto-

mobile fatalities in Will County to 54.

According to the report of state police who investigated the crash, Weichbrodt was ticketed for disregarding a stop sign at I.L. 59.

Mrs. May W. Hines, 83, injured in the automobile crash July 28 at Cherry Hill Rd. and U.S. 30, died last Saturday at Silver Cross Hospital. She was the driver of a car involved in a collision with one driven by Mrs. Dorothy Lewis, 43, of 1444 N. Cedar Rd., New Lenox. Dr. Anastasia W. Vance, 73, a sister of Mrs. Hines and a passenger in the Lewis car, was killed in the collision.

Mrs. Lewis had a broken kneecap and one of the passengers in her car, Wendy Cooper, 17, of 1507 N. Cedar, suffered cuts and bruises.

**THIS TALKING MACHINE**, as they called phonographs near the beginning of the current century, still "talks" but not as loudly or as distinctly as it did once. This ancient musical device, a Victor, was purchased by the late John Kestel, around 1908. It is now owned by a son, Leo, but another son, John Kestel, of Frankfort, is the one in the picture taken at the Threshermen steam engine show at Francis Field. The record on the machine is one of those Uncle Josh cuttings. (Graphic Newspapers photo)

## Would Make Frankfort Fiesta Costume Piece

Village Attorney August Santoro, of Frankfort, has been assigned to draft a proclamation for Mayor Glenn Warning, urging residents of the village cooperate in making the fall festival Aug. 30 and 31, a costume piece.

The Chamber of Commerce, which is sponsoring the festival, asked that mayor urge all people of the community to wear a costume. This puts it up to the village attorney to research fashions and history.

The State of Illinois is celebrating its 150th anniversary which would take anyone back to the days of buckskin. Frankfort - settled by German people and named after Frankfort-am-Rhein - also has been urged to make use of such costumes as those sported in pictures of persons supposedly wearing German native dress... the short pants, suspenders and a little round felt hat. This would bring one all the way, like in the song, from buckskins to buttons and bows.

And no doubt the Little Old

Wine Maker will have his followers among those who like the kind of clothes one usually connects with yodeling or mountain climbing.

Mr. Santoro expects to complete his studies this week and get down to the task of proclaiming.

## Gets New Post With NI-Gas

Lewis Radd, 961 Herr Drive, New Lenox, has been named national builder representative for Northern Illinois Gas Company. Previously, he was supervisor of merchandise sales for the company's Southern Division at Joliet.

Radd is past president of the Joliet Lions Club and is chairman of the American Cancer Society in New Lenox Township. He is also past president of the Messiah Lutheran Church.

He and his wife, June, have two daughters, Paulette and Ginger.

## Seeks Bids On Front St. Sidewalks

Bids on building sidewalks along Front St., Mokena, will be opened by the village board at its regular meeting Aug. 21. The bids, to be sealed, will be received up to 8 p.m. that night.

The successful bidder will be required to furnish a performance bond equal to 100 per cent of the total amount of the contract.

Plans and specifications may be obtained at the office of Mulford Engineering Service, 33 W. 16th St., Chicago Heights. This firm serves Mokena as village engineers.

A certified check, cash or bid bond, in an amount equal to 10 per cent of the bid shall accompany each proposal.

The sidewalks will be laid along that portion of Front St. to be rebuilt between Division St. and Schoolhouse Rd. The street is to be widened and curbing and gutters installed. The sidewalks are to be built under the direction of the village but the property owners will bear the cost.

Present walks will be off grade.

## Ban Overhead Wiring In Frankfort's Future

New subdivisions in the Frankfort area will be free of overhead wiring. Following approval by the village zoning board, the village board Monday night adopted an ordinance requiring that in the future the wires and cables that carry power and telephone service thru a residential area must be installed underground.

The Frankfort board decided to follow this course many months ago but had to delay final action until the zoning board had an opportunity to express its views.

Such an ordinance, it has been pointed out, would have prevented a hassle among neighbors in a New Lenox subdivision recently over placement of poles and the stringing of overhead wires.

At the time the Frankfort board first considered the change it obtained opinions from officials of the telephone and the power companies relative to costs. It will cost a developer more than if poles and overhead wires are used but if he gets \$50 more a lot, it was said, he should emerge from the situation without pain.

The board also adopted an ordinance annexing the Frankfort airport. It too was recommended by the zoning board. The zoning body is to meet later this month and at that time the village will seek approval for an ordinance requiring that in future subdivisions the minimum lot width shall be 90 feet and that on 90-foot lots the side yards must carry a width of 10 feet, measuring from any overhang.

The village board, at the request of the Chamber of Commerce, is asking industrial firms to route their own trucks, and those making deliveries to them, over outer roads instead of directly thru town. Laraway Rd. will be completed shortly, it was reported.

Trustee Wilbur Klier advised the board that it will cost about \$5,000 to clean out the ditch from the Michigan Central tracks to U.S. 45. The subject is to have further study.

Village Engineer Robert Hamilton is to prepare plans and specifications for bids for running a 10-inch water line from the new well to the first street east and across U.S. 45 to the west. He also is to prepare for taking bids on building a brick pump house at the well site.

It was estimated that the 10-inch lines alluded to will cost about \$10,000 and the board hopes this move will become the first step in extending water and sewer service to industrial firms along U.S. 45. Cost of such extension, it was pointed out, would be borne by the firms benefitted, it was said, but with some aid by the village.

## Robert Hall Will Open Store

Robert Hall Clothes, America's largest family clothing chain, will soon open a modern new store in Orland Park located on U.S. 45 (96th Ave.) just south of 143rd St. (State Rt. 7). This will bring the grand total to 32 stores serving the people of Orland Park.

Scheduled to open soon, the new store is going to be a contemporary structure designed as an architectural contribution to the community it serves. The store will feature a new concept in interior design, representing new advances in store atmosphere for maximum eye appeal, comfort and shopping convenience. There will be plenty of free parking space to accommodate today's car-riding population.

The new store will be open Monday thru Saturday from 9:30 a.m. to 9:30 p.m. and Sunday from 12 noon to 6 p.m. Many of the people who will staff the new store live in or near the Orland Park area.

From a start in 1940 in Waterbury, Conn., Robert Hall now operates 401 stores from Main to Hawaii.

Trustee Howard Osmus was authorized to draw specifications for a squad car. The chairman of the police committee suggested a new squad be purchased as soon as the new lines are on the market. The present car is costing too much to maintain, Osmus said. He also was empowered to buy a used air conditioner for use at the village hall. There was no dissenting vote from the perspiring village officials.

The Connecticut Hills Home Owners Association wrote the board thanking it for the use of a village truck during its clean-up program last week end.

The village board has adopted new specifications for roads and streets. All new streets must have eight inches of compacted stone, clear to the edges. This applies to new streets and those streets that must be rebuilt.

It was reported the county has money available now for widening Center Rd. When the county is finished with this task, maintenance of the street will fall on the village.

**DELIVERED INTACT**, and W. Leonard Patterson, co-ordinating chairman for the Sesquicentennial celebration planned for the Frankfort Chamber of Commerce festival set for the Labor Day weekend, breathed a sigh of relief. He drove the truck. This ancient popcorn wagon, purchased at Kokomo, Ind., by Merrill Cooper, of Orland Park, will be on display at the festival and Patterson is hopeful that it will be doing the job it was intended for, popping corn and roasting peanuts. The wheels have gone modern, but the sign is really 1890 - imagine getting a sack of buttered popcorn (with real butter) or a bag of peanuts for a nickel. (Behne photo)

### Hold Services At Chicago For Charles Vostry

Charles J. Vostry, 59, late of 1544 Jay St., Melrose Park, Ill., and a former resident of Mokena for 19 years, died July 18 while working. He was employed as a carpenter.

Mr. and Mrs. Vostry had moved to Arizona June 15 returning 10 days later to settle in Melrose Park, where he died.

For over 2 years he had served as a volunteer fireman with the Mokena fire dept., and worked as a Red Cross volunteer instructor. His former address here in Mokena was W. 193rd St.

Survivors include his wife, Anna; one son Charles, of Mokena; one daughter, Lucille Goldman of New York City.

Removal was to the Marik Funeral Chapel, 2531 S. Pulaski Rd., Chicago, where services were held July 22 at 10:00 a.m.

Interment was in Evergreen Cemetery, Chicago.

### Housing Surges In 1968

"Housing construction in the Chicago metropolitan area continued to surge ahead during the first half of 1968" said Bide M. Ransom, president of Bell Savings and Loan Association. "Apartments rose to a new postwar record high, while homes were at the highest level since 1961".

"During the first six months of 1968 apartments rose 33% ahead of last year. Apartments now account for 54% of total housing units

## Illinois Conservation Districts Attend Meet

The Will - South Cook Soil and Water Conservation District was represented by Mr. and Mrs. Richard McHugh of Manhattan, at the annual meeting of the Association of Illinois Soil and Water Conservation Districts and the Ladies Auxiliary at the Holiday Inn East, Springfield, on July 29. McHugh, an associate director and past-chairman of the district, stated that the meeting was outstanding. Interest in the conservation of natural resources has increased rapidly with the expanding population. Highway and building construction has necessitated knowledge of soil and water management.

Eighty seven districts were represented from the 98 districts in Illinois. Two hundred thirty one district directors and associates and 85 members of the ladies auxiliary were in attendance.

Officers re-elected to the Association were Hillard Morris of Effingham County, president; Joseph Berta of Grundy County, vice-president; and Kenneth Fiske of McHenry County, Secretary-treasurer.

Gene H. Graves, Director of the Department of Business and Economic Development for the State of Illinois, spoke on the \$1 Billion Dollar Bond Issue which is slated for the approval of Illinois voters at the November election. If the issue is approved, working capital will be provided for water-related recreation, for water pollution control, for air pollution control, for flood control, for water management and for water supply. Municipalities will be able to secure self-supporting assistance for pollution and sewage control. The Association went on record as being in favor of the \$1 Billion Dollar Bond Issue.

Annual first place Good-year awards were presented

to Peoria and Montgomery County districts and second place to Mercer and Christian County districts. Thirty seven districts competed for honors and opportunities to send conservation farmers to Goodyear Farms in Arizona for the prize vacation in December. A winning district cannot compete again for five years. This marked the fourth first place award for the Montgomery County district.

Governor Samuel H. Shapiro briefly addressed the convention. There are two vacancies on the Soil and Water Conservation district's advisory board to the Illinois Department of Agriculture. The Governor will soon make appointments to these posts.

Orion Samuelson of Station WGN in Chicago, presented awards to 16 top conservation families in Illinois. The winner in Council IA of which the Will-South Cook district is a member, was the LaVerne Lane family of Rocton, Winnebago County.

The 1968 Soil Stewardship program was reviewed. Illinois ranks second in the nation in the purchase and use of Soil Stewardship materials.

The featured speaker of the convention was George Bagley, treasurer of the National Association of Soil and Water Conservation Districts.

It was announced that the annual conservation show, sponsored by the Illinois Contractor's Association will be held in Franklin County in August of 1969.

Dear friends,

It is well to pause sometimes to think how one will feel when a loved one is no longer among us. It may cause us to realize the little acts of kindness and attention we should be giving now - rather than to suffer remorse for neglect of a loved one after they have departed this world.

Respectfully,

# Crisis in Emergency Cases

Copyright 1968 World Book Science Service

If your house catches fire, you can mumble a few words into the phone and a convoy of equipment carrying highly trained firemen will be at your door within minutes.

But if you have a heart attack or are injured in an automobile accident, there's a good chance you'll have to wait endlessly for an ambulance. When it arrives it may be staffed by illiterate and semitrained attendants who will cart you off to any hospital that will accept you.

Why this difference in response to a far more crit-

ical emergency?

The American Society of Anesthesiologists has recognized the problem and has spelled out the most desirable procedure for community-wide handling of such cases. The recommendations have gone to all county medical societies hopefully

for implementation.

Survival in these emergencies often depends on immediate life-saving measures at the scene and during transport to the hospital. About 700,000 cases like this result in death each year in the U.S. and many could have been prevented by applying

life-saving techniques on the spot.

The primary essentials, of course, are well-equipped ambulances and well-trained drivers. Effective community action requires coordinating efforts of the medical profession, firemen, policemen, ambulance personnel, the Red Cross, American Heart Association, National Safety Council, public health agencies, medical schools and hospitals.

New York City recently took one step in the right direction when its hospitals agreed to admit any emergency heart-attack patient, regardless of the attending physician's hospital affiliation.

Dandelion roots often grow more than three feet long in soft, rich earth. Gardeners must cut deep into these roots to keep dandelions from growing on lawns. Slicing close under the surface only encourages growth. Spraying with 2-4-D destroys dandelions, but does not harm grass.

ger of fish-poisoning is becoming more prevalent everywhere because of water pollution.

Shellfish of various types can be poisonous in waters polluted with sewage or industrial wastes. "Poisonous," in this sense, applies only to fish containing toxic materials derived from their food or occurring as a by-product of their life pro-

cesses.

This is not the sort of poisoning that results from spoilage by bacteria due to improper refrigeration, or allergic reaction of some persons to certain seafoods.

While there is no specific antidote for poisoning by marine organisms, recent experiments at the University of Hawaii show that some drugs can be given to alleviate it.

### A NEW TOOL FOR INDUSTRY

Copyright 1968 World Book Science Service

You probably know that atomic radiation is dangerous because it can cause changes in living cells. While this is true, it's not by any means the whole story. The very properties of radiation that make it dangerous also serve to make it valuable and productive.

Important improvements in many industrial products are being made with radiation. Radiation can change some of the basic properties of materials, and this can be pretty useful.

One example is to be found in the electronics industry. There are now a number of companies "irradiating" insulation for electric wires. This means they are shining radiation on the insulating material just as you are irradiated by the sun when you are trying to get a suntan. The radiation can come from radio-isotopes or from pow-

erful electrical machines.

The insulation is made of polyethylene, similar to the stuff some plastic containers are made of. Irradiated polyethylene is much better able to withstand the high temperature found in space age electronic units.

Radiation is also being used to sterilize medical supplies packages. The radiation can go right through the packaging and kill any germs inside. From then on the supplies are perfectly germ-free and pure, as long as the package isn't opened. No dangerous radiation is left behind by "irradiation." After all, you can't give off sunlight just because you've been out in the sun!

Many new uses for radia-

tion are being discovered. Complete the sentence, IT COULD BE TRULY SAID THAT . . . by solving the rebus above. Use the picture and letter clues to figure out the words.

ANSWER: Radioisotopes are becoming more valuable to all of us.

# Arbury Hills School Registration Set For Week Of August 19

**Mrs. Edward Hovi**  
**Telephone: 479-5740**

Registration week will be the week of August 19. All educational fees and new registrations for school children for the fall term should be paid at the school office between the hours of 9:00 a.m. and 4:00 p.m.

The fees will remain the same for all grades through the careful management of the monies obtained by the school district. The kindergarten fee will be \$7.00 for educational fee and an additional \$5.00 for the year's milk money. The first through eighth grades will pay an educational fee of \$10.00 with an additional \$5.00 milk fee for those who will be requiring milk during the year.

The school board has found that it is able to actually reduce the bus fare fee by 50 cents per month with one child in the family paying \$3.50, two children in school paying \$5.00, three

children in the school paying \$6.50, and four or more children in school paying \$8.00 per month.

School will resume on Monday, Aug. 26, with a teachers meeting. On Tuesday, Aug. 27, all school children with the exception of the kindergarten children will come for a partial day. On Wednesday, Aug. 28, ALL children including the kindergarten children will come for a full session. Parents will be notified by mail which session of kindergarten their child will be attending. As was the case last year, the class will be divided in most cases by age with the younger children attending in the morning and the older ones in the afternoon. Exceptions will be made for those children riding the bus.

-o-

There are five new teachers this year and one teacher, Mrs. Joan Blackman,

who taught second grade last year, will be teaching kindergarten this year; Don Ferrell will be teaching physical education; Miss Sandra Gregory will be teaching second grade; Bob Remko will be teaching fifth grade; Miss Pat Donovan will be teaching fourth and fifth grade science and will have a fourth grade home-room; Mrs. Karen Kabot will be teaching the third grade.

There has been a rearrangement of the classrooms to enable a better flow of children. The fifth through eighth grades will be housed in the original building along with the kindergarten on a temporary basis. The first and second grades will be housed in the second addition and the third and fourth grades will be housed in the third addition.

The tile in the boys laboratory in the original building has been removed and ceramic tile has been in-

stalled in its place. The gym is now being painted and each of the classrooms is being renovated with new paint and general maintenance.

The school board is now considering the problem of additional space. Two alternatives are being taken under advisement; whether to obtain a relocatable classroom or to enclose additional space on the existing building.

They are also working on the budget for the coming year, and it will be on display by request at the school office beginning on Aug. 20.

-o-

Next week's all-star day on Sunday, Aug. 11, will throw the Pony Team against the all-star team composed of the coaches and managers. Come on out for an "inter-

esting" game of baseball scheduled to begin at 1:00 p.m.

The boy scouts returned home Saturday afternoon from their week at Camp Morris. A good representation of families made the effort to visit the camp on family day on Thursday, Aug. 1. They witnessed the Indian ceremonial dancing presented by members of the Order of the Arrow and by boys of Joliet troop No. 7 who added to the evening's enjoyment.

Included in the ceremonials was the "Tapping-out" of boys for installation into the Order of the Arrow. In our troop there were eight, six boys and both of the scoutmasters; Joey Arcuri, Russell Dickerson, Eddie Hovi, Joey Mangan, Jim Rochelle

and Steve Thompson. Also included were Joe Arcuri and Dan Markowski, the two scoutmasters. Congratulations all!

Get the boys home and out go the girls! The cadettes of troop No. 336 left Monday morning for Camp Pokonoka girl scout camp for three days.

A MAIL ORDER job in 1909 was this horseless carriage that was on display among the antique autos at the Will County Threshermen's steam show last weekend. That certificate hanging on the front of the dashboard was a guarantee from the seller-Sears Roebuck. Note the tiller for steering. Those were the days when the drivers of such vehicles were advised by jeering pedestrians to "get a horse," and really, that was good advice because those early engines had a habit of stalling. ## Refresher Program

Silver Cross Hospital Inservice Education will offer a graduate nurse refresher program beginning Monday, Sept. 16. This will be a 12 week program meeting from 8 a.m. to 4 p.m. Mondays, Wednesdays and Fridays.

A recent study made in Illinois revealed there are approximately 20,000 inactive registered nurses. Of the 8,500 questionnaires returned, 3,000 were interested in returning to active nursing by 1970, and 1,000 indicated need for a short term course of study and practice that would re-acquaint and update nursing capabilities.

The course offered at Silver Cross covers theory and supervised clinical experience concentrated mainly on medical-surgical nursing. Included will be trends in nursing and health care, basis of nursing care, intensive care, coronary care, emergency, and the nurse's role in disaster.

To register, contact Mrs. Naomi Corsini, director of Inservice Education at Silver Cross Hospital, between 8 and 4:30 Monday through Friday, call 727-1711, extension 765. The class must have a minimum of 10 registered nurses and the deadline for registration is Aug. 31.

MRS. WILLIAM CARL YARGER (Howard photo)

## Nancy Porick Bride Of William Yarger

At a 2 p.m. ceremony, July 6, in the First Methodist Church, Normal, Ill., the Reverend John Robert McFarland performed a double ring ceremony uniting in marriage Nancy Lynn Porick, daughter of Mr. and Mrs. John Porick of 11502 W. 194th Street, Mokena and William Carl Yarger, son of Mr. and Mrs. Orval F. Yarger, 7 Reynolds Court, Normal, Illinois.

The Bride wore an empire floor-length gown of white silk organza over taffeta featuring lace sleeves and hemline and chapel-length train. She carried a cascade arrangement of white roses

and stephanotis. Sheryl Kay Hodges of Butler, Ill. was maid of honor and wore an empire floor-length gown of pink linen dramatized by bell sleeves.

Orval J. Yarger, the grooms brother, was best man and the ushers were Douglas A. Porick and Jhan Dennewitz.

The bride is a senior at Illinois State University at Normal, majoring in home economics and her husband is a senior majoring in business administration.

Following a wedding trip to Colorado the couple will reside at 301 College Street in Normal.

**RUBY MAE MOENCK**—Mr. and Mrs. John Moenck, R. R., Manhattan, announce the engagement and forthcoming marriage of their daughter, Ruby Mae, to George Edward Roemer, son of Mr. and Mrs. Elmer Roemer, R.R., also of Manhattan.

Ruby is a graduate of Lincoln-Way High School and is presently employed by Fergusen Grain Co., Chicago.

George is a graduate of Peotone High School and is presently self-employed in farming at Crete.

The wedding will take place on Aug. 10, at 2:30 p.m. at the Trinity Lutheran Church, New Lenox. Some invitations have been sent but all friends and relatives are invited to the wedding reception.
